Behind our encampment...
Seven cattle were clawed

- There's lots of wounds on their udders
- Ooh, do they have calves?

Two teats had deep wounds with blood
flowing out. They're only a bit better now...

- You should give it as a drink
- We're giving them milk, 3 litres at once.

- Did you inject them (with penicillin)?
- We did. Each three grams

- That's correct
- Five cattle are alright, two not so good

Our foal with two wolf ears...

- It tosses its head in play...
- It toddled its head in play...

- Plays with its tail...
- Plays with its tail...

- Shies from shadow...
- Shies from shadow...

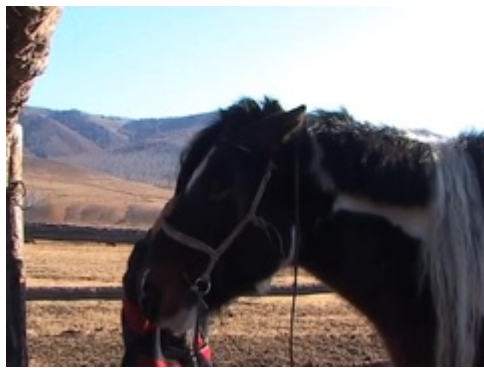

- Tied in sunshine for eighty days...
- sunshine...

- 'Motley' mare gave birth to a foal
- 'Motley' mare gave birth to a foal...

- Black mare gave birth to a foal
in the Khangai (mountains)

Dad, I'm just doin' to Granma's

You have to herd the sheep and goats to Grandma's and put them in the pen

Herd all the sheep and goats together, you understand?

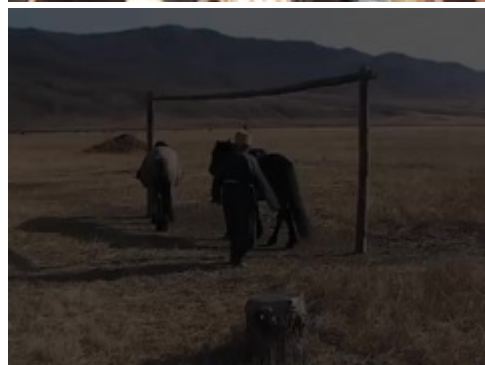

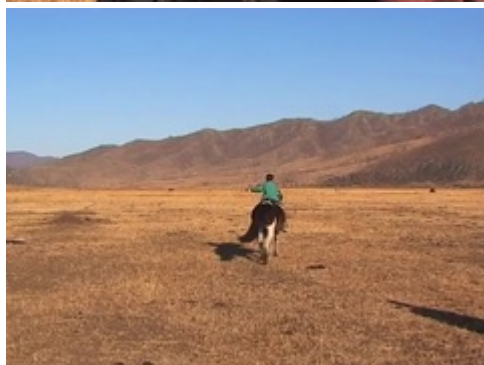

Can you see all of those goats?
Herd all of them. Not leaving any behind

Two rests, den free rests,
den one rest...Go!

Two rests, den free rests,
den one rest...Go!

Change direction...stop moving!

How is the solarpanel...is it working well?
It doesn't work well when the sun has gone

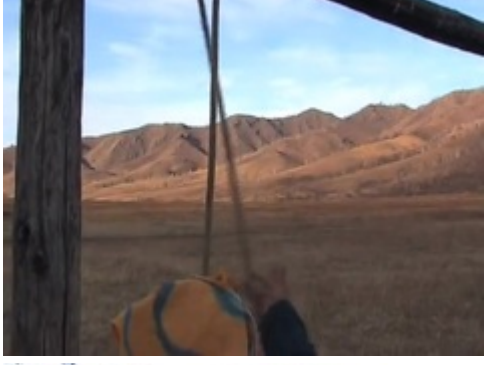

How is the solarpanel...is it working well?
It doesn't work well when the sun has gone

Yes, exactly...
Are you making winter clothing?

Are you finding it hard to make?
It is difficult sewing with my little girl

Yes, that's right
