Khangai Herds

Ooh...these horses possess all the features of speed...

Ooh, these striking horses, with wide eyes, enclosed ears, fine legs...

...flared, trumpeted nostrils, and black eyes with binocular vision...

...pearly, white teeth with canines like steel, a tall and slender body...

Ooh, long 6th vertebrae and withers, wide hips with broad chest and ribcage...

Ooh...the golden bodies of these horses,

...have the power of the legendary khangan bird, with strong muscles...

Ooh...these horses leapt throughout the world and looked afar...

with eyes as sharp as wolves, and an ability to see distant sights...

galloping over mountain ranges, across wide valleys...

with bridle jingling, their ears listen to distant sounds

Ooh...with golden reins raised, these horses will always be praised...

The horses bring glory to their trainers throughout the Nation...

Mongontsooj has won two bouts

- Behind the small hill the horse was
fittt, after that he started wobbling

- How was the race?
- Fine

- Where did you come?
- Twenty-something

- How many two-year-olds raced?
- About fifty-something

- How many?
- Fifty-six

- How many years have you raced?
- I've raced for five, no six years

- How was the ride?
- Not too bad

- Did any boys fall off?
- No

- Is it hard to train a two-year-old?
- Yeah, it's difficult training two-year-olds

- It was so difficult for you!
- How's Saikhanaa?

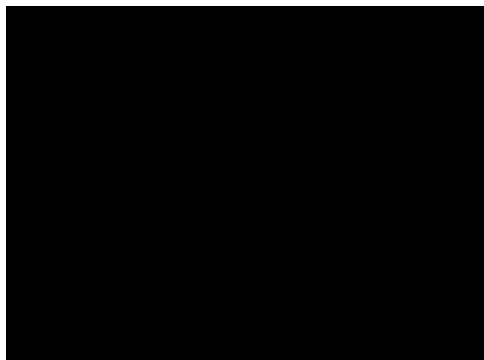

How many years have you
been training horses?

Oh well, I hope I will be
experienced soon!
